The 32° Masonic Learning Center for Children with Dyslexia is recognized by Penn State University as a student curriculum training program. The Center opened in April 1999 and offers a dynamic reading program at **no cost** to the students family. This program has had many inspiring success stories in bringing children, who could not read, up to their reading grade level and beyond. Currently there are 36 students enrolled in this 28 week (during school year) reading learning program and a long waiting list of children who can benefit from it.

The 32° Masonic Learning Center is the only one of its kind in the Pittsburgh area offering **FREE** tutoring. To continue this magnificent program we must annually raise at least \$125,000 to cover material, and educational expenses.
